Learning Focus

Language Arts - We will retell familiar stories, including key details. We will identify characters, settings, major events in a story as well as the beginning, middle, and end of stories. We will work with rhyming words, segment syllables, and read sight words.

Math - We will represent addition and subtraction with objects, fingers, expressions, or equations. We will solve addition and subtraction word problems.

Writing - We will use drawing, dictating, and writing to compose narrative and opinion pieces.

Social Studies - We will explore how we are alike and different from our friends.

Science - We will understand how objects are described based on their physical properties and how they are used.
