Swinging into Learning

Literacy- The first 6 weeks in unit 1 we will be discovering 'The ABC's of Learning.' The students will be reviewing the short vowels (a, e, i, o, u) Also, we will be focusing on the details of the settings, characters and sequencing of fiction and nonfiction books.

Math- We will focus on the many different ways to count (0-120) while adding and subtracting. The students will be applying those skills to find the missing numbers in equations as well.

Writing- We will review letter formation and the importance of conventions (punctuations, capital letters, etc.). Also, we will begin narratives and opinion pieces

Social Studies- We will learn about our community and the authority figures in our community and our school. As well as the importance of being a good citizen.

Science- We will discover all the ways to safe while being a scientist!
