Learning Focus

Language Arts - We will retell familiar stories,
including key details. We will identify characters,
settings, major events in a story as well as nouns and
verbs. We will work with rhyming words, segment
syllables, and read sight words.

Math - We will represent addition and subtraction
with objects, fingers, expressions, or equations. We
will solve addition and subtraction word problems.

Writing - We will use drawing, dictating, and writing
to compose narrative and opinion pieces.

Social Studies - We will explore the difference
between wants and needs. We will learn about
customs and traditions of different countries.

Science - We will understand how objects are
described based on their physical properties and how
they are used.
