Learning Focus

Language Arts - We will retell familiar stories, including key details. We will identify characters, settings, major events in a story as well as nouns and verbs. We will work with rhyming words, segment syllables, and read sight words.

Math - We will represent addition and subtraction with objects, fingers, expressions, or equations. We will solve addition and subtraction word problems.

Writing - We will use drawing, dictating, and writing to compose narrative and opinion pieces.

Social Studies - We will explore the difference between wants and needs. We will learn about customs and traditions of different countries.

Science - We will understand how objects are described based on their physical properties and how they are used.
