Reading Rodeo Information

The school reading goal is to have everyone with a colt on the reading board by the 100th day of school. If we achieve that goal we will have a special school-wide party. Help us make this goal by reading and logging your books every day. As of Jan. 29,

11 out of 19 Bears have a colt

on the board!

Keep reading!!

Learning Focus

Language Arts - We will retell familiar stories, including key details. We will ask and answer questions about unknown words in a text. We will name the author and illustrator and the roles of each. We will identify the main topic of informational texts.

Math - We will count to 100 by ones and tens, count on beginning from any given number, write numbers 0-20, represent a number with a numeral, and add and subtract within 10.

Writing - We will use drawing, dictating, and writing to compose narrative and opinion pieces.

Social Studies - We will identify physical features of landforms. (Mountains, hills, rivers, lakes, etc.)

Science - We will understand change and observable patterns of weather that occur from day to day and throughout the year.
